

Track your continuing professional development with CICM Knowledge Hub

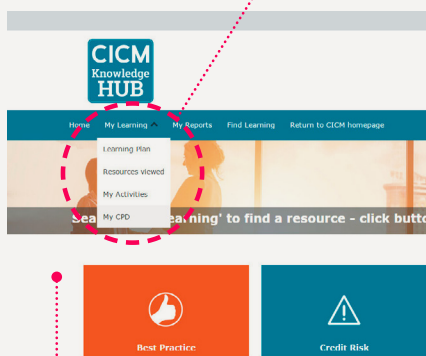

Find the CICM standards for CPD below and how to get started. It's never been easier.

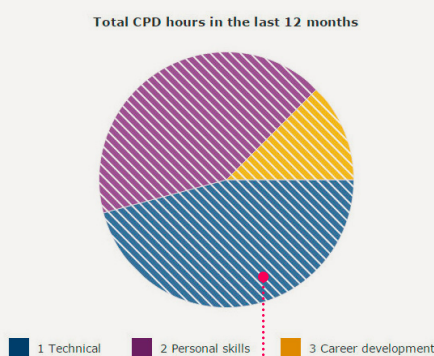

1. Access Knowledge Hub via the CICM website.
Simply click the *'member login'* button on the top right of the screen to gain access:

2. Under the 'My Learning' drop down menu on the top blue bar, select 'my CPD':

3. Your personalised CPD programme will be displayed:

4. The 'Requirements' tab shows a CPD programme suggested by CICM, although you or your organisation can devise a bespoke one:

My CPD

Breakdown of Required CPD hours		
1 Technical	2 Personal skills	3 Career development
0h 0m / 11h 0m	0h 0m / 10h 0m	0h 0m / 3h 0m
Formal learning		
1 Technical	0h 0m / 6h 0m	0h 0m / 5h 0m
2 Personal skills	0h 0m / 6h 0m	0h 0m / 4h 0m
3 Career development	0h 0m / 1h 0m	0h 0m / 2h 0m

The **'Activity'** tab displays all recorded CPD for the last 12 months. Every time you undertake an activity in Knowledge Hub and complete the reflective feedback, your CPD time will automatically update here.

You can also add any CPD undertaken outside of Knowledge Hub. Simply click on the 'Add new external CPD activity' button and follow the steps.

Activities are broken down into 'technical', 'personal skills' and 'career development' areas to allow you to build an appropriate range of skills. Learning can be informal (e.g. reading a credit journal) or more formal (e.g. completing an online training topic).

Your CPD record will be a useful tool for you and your line manager. And remember that by achieving and submitting the required number of hours under CICM's own CPD programme, you will be able to gain CICM certification for your CPD too.

Why not take a moment to check out your CPD right now?
