Employer Proposal

My proposal for **Level 2** CICM Qualifications

WHAT IS A CICM QUALIFICATION?

Globally recognised Qualifications in Credit Management and Collections

The Credit Management and Collections profession is one that requires skilful, knowledgeable and qualified professionals in order to maximise the success of your organisation - cashflow is the life of your business.

How will this help the business?

Statistics show that recognised Qualifications are an excellent way to upskill your team in order to deliver success.

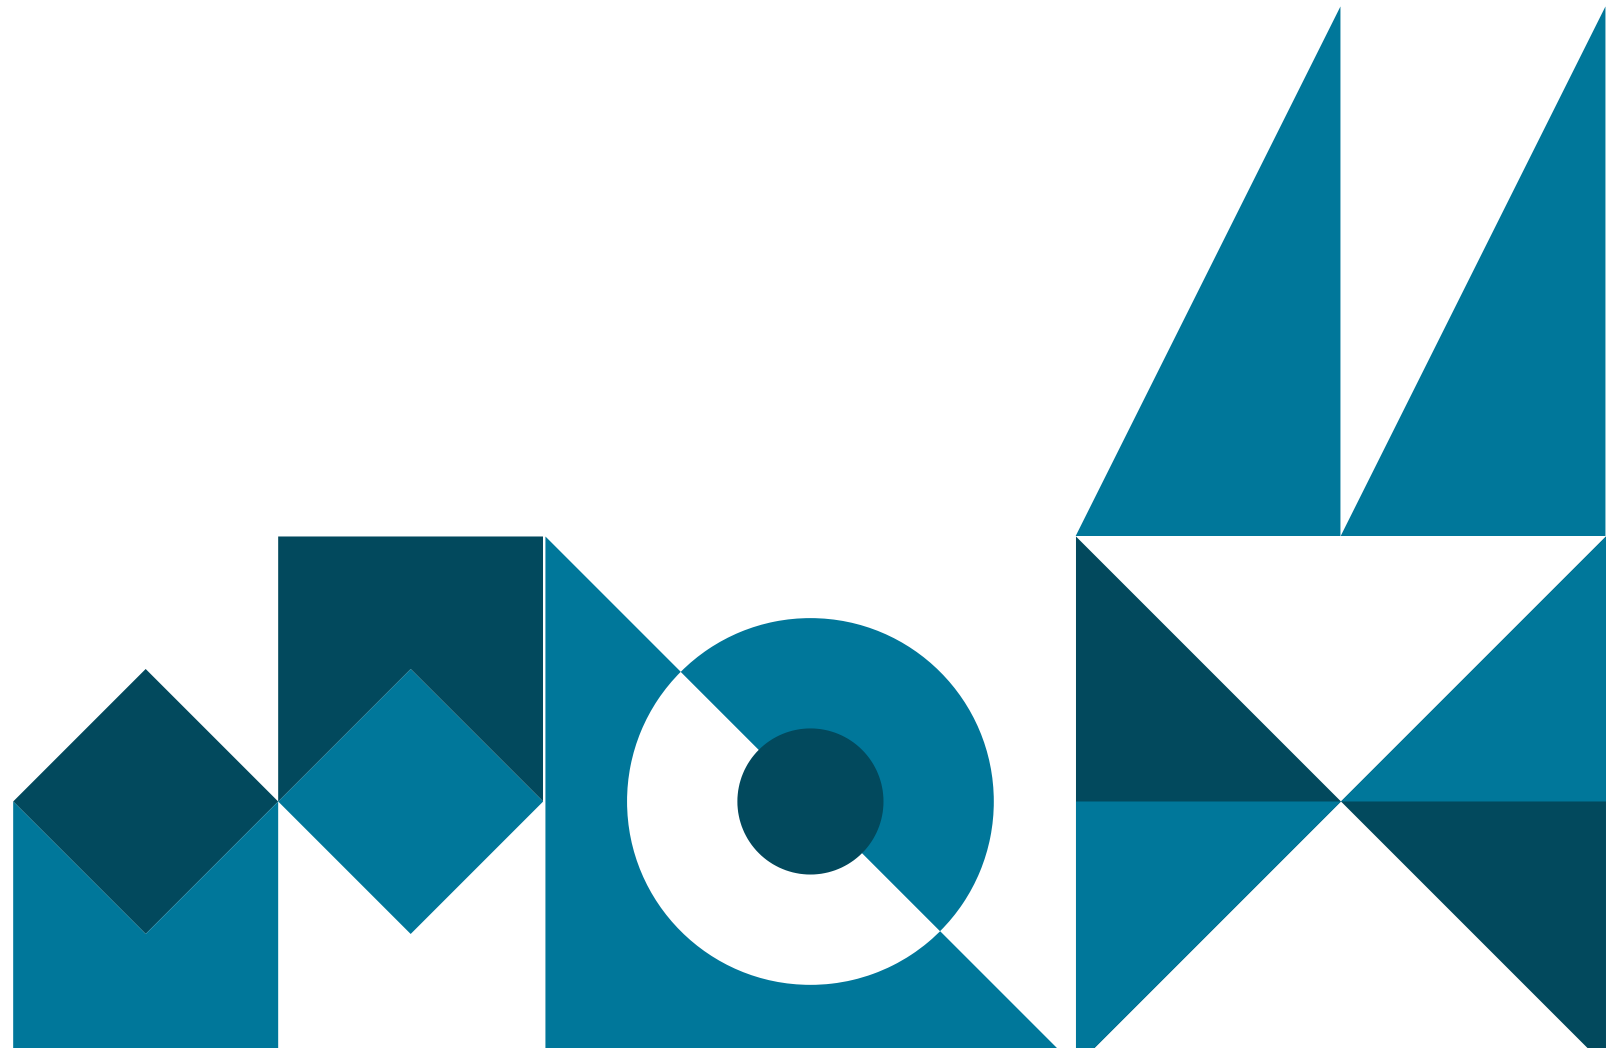

79% of CEOs believe that investing in your people with professional development is essential for their business' success

Businesses that invest in upskilling their workforce can increase their productivity up to 30%

Companies that invest in employee training and development have a 24% higher profit margin than those who don't invest in such initiatives.

WHAT I WILL GAIN

The Level 2 Diploma

This is an entry level qualification which aims to improve my **skills, foundational knowledge and gain recognition in your role.**

It will raise my confidence and performance in day-to-day tasks and build my skills ready for the next stage in my career.

To achieve a Level 2 certificate, I will need to successfully complete two Level 2 units. To achieve a Level 2 diploma, I will need to **successfully complete four Level 2 units.**
